WE ARE FROM: **SCHOOL №43, FORM 3 B**

OUR TUTORS ARE:

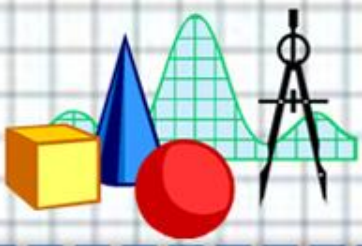

SGONNIKOVA EVGENIYA MIKHAILOVNA

URUSHEVA TATYANA VALERYEVNA

Maths Sparkles

THE EMBLEM OF OUR TEAM

THE MOTTO OF OUR TEAM IS:

Stars shine brightly
High in the sky
Maths Sparkles give
True ideas for life!

THE MEMBERS OF OUR TEAM ARE:

1) Chepova Anastasiya
2) Nevrayeva Sophiya
3) Chernikov Stepan
4) Romanova Sophiya
5) Rombalskaya Alexandra

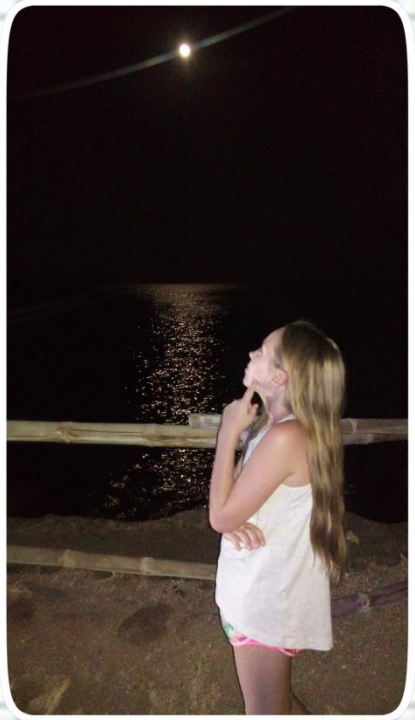

When do we use Math's?

When do you use Math's in your life?
Do you need it in the car you drive?
You know, this subject is first-rate!
If you can count and divide it's great!

You can count the stars in the sky,
From the Earth to the Moon you can fly.
If you measure the distance,
You can be a magister!

When do we use Math's?

If you go shopping one day
You will face Mathematics again.
You'll have to count quickly and correct
How much is the price of a loaf of bread.

You can find the square of the house,
And the speed it is crossed by a mouse,
And the length of the fence in your garden,
And the right time to beg your Mom's pardon.

You won't hurry up
And always be in time,
If you can say:
"Math's is a friend of mine!"
